Patient Information for Adults

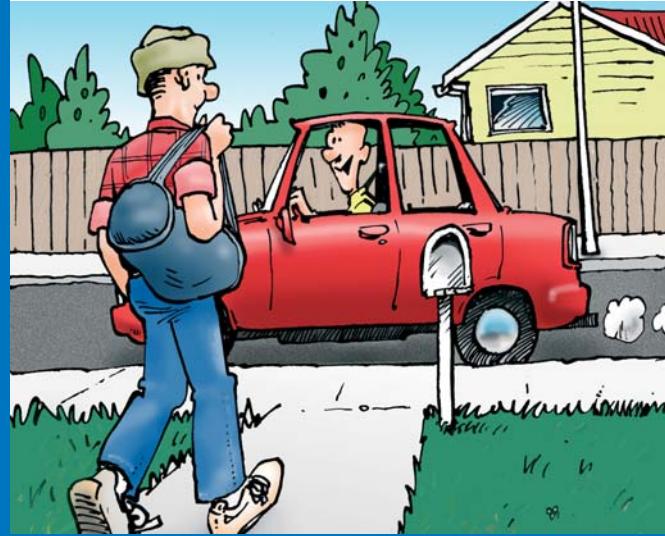

⊕ Preparation at home

Follow the instructions in your appointment letter about not eating and drinking - you do not want your treatment to be delayed or cancelled following arrival at the hospital.

⊕ Appointment time

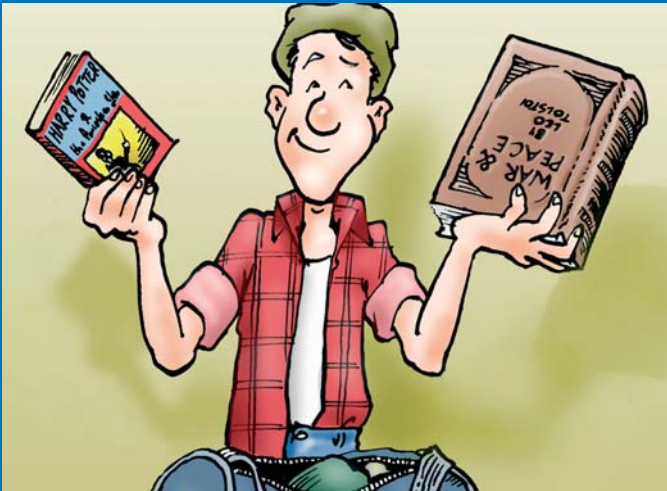

On the day of your treatment make sure that you keep the whole day free. The time on your appointment card is the time that you are expected to arrive at the hospital.

⊕ Operation

The bus staff will come and get you when it is time for your treatment. It is okay for a family member or friend to accompany you on board.

⊕ What to bring

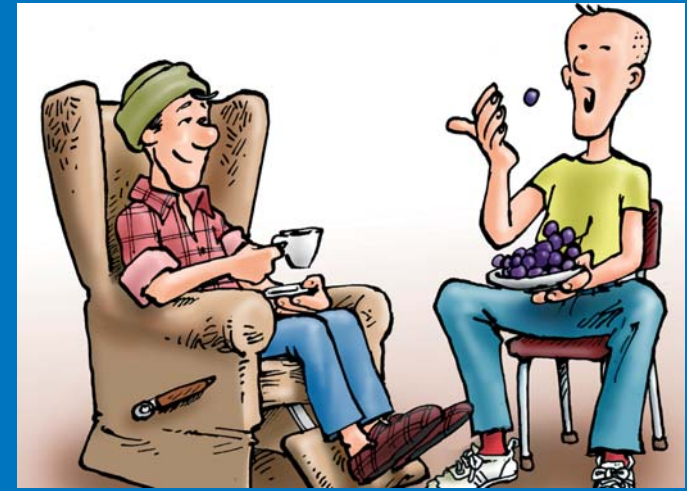

Bring a book, a game or handwork to keep you occupied while you wait for your treatment.

⊕ Admission/consent

On arrival to the hospital, please check in at reception. You will need to understand and agree to your treatment by signing a consent form. Please feel free to discuss any concerns with the medical staff available.

⊕ Recovery & discharge

Following treatment you will be taken to a quiet area inside the hospital to recover. You must make sure that you are aware of how to care for yourself following discharge. A letter explaining your treatment details will also be given to you. This is for you to take to your GP if required.
